“ Angie, Justin my heart and prayers are with you and your family and friends. My beloved friend and sister is out of pain and is with her Lord and Savior. Your Mom meant the world to me and Glenn. We loved her for so many reasons this space is not large enough to convey everything we shared. I can say this about your mother as I'm sure you know she loved you guys and grandchildren with all her being. She was so very proud of you. I'll remember your Mom with her uncanny wit and sense humor she had. She use to say, if I didn't have bad luck I wouldn't have any...true that, I'm witness to most. I know many things happened in her life and somehow she always kept her spirits and sense of humor about herself. I also know her faith in God helped her through. There is a piece of all of us that share special memories with Trish and I know without a doubt I will sorely miss her with all my heart she will always be with me. It's hard to find a person like your mother who was always there for me and others if we needed. I know I will see her again someday on my journey home. In the meantime it's nice to know I have my sister as a guardian angel and she's on my side. I love you guys much.
